Changes in state or federal law or regulations or interpretations thereof may change the terms and conditions of coverage.

The undersigned representative is authorized and responsible for purchasing insurance on behalf of the Employer, has provided the information requested in this BPA and, on behalf of the Employer, offers to purchase the benefit program as outlined in the proposal document submitted to the Employer by the Sales Representative. It is understood and agreed that the actual terms and conditions are those contained in the Policy. It is further understood and agreed that the terms of the BPA may be subject to change. The final terms may be specified in a benefit program and premium notification letter or the applicable rate summary (ies) for the plan number(s) selected which may be attached hereto and made a part of the BPA. Payment of the first premium due under the Policy constitutes acceptance of such terms. No coverage will begin until receipt of the first premium by HCSC.

IL-SG-HP-BPA (Rev. 04/18) - 5 - This BPA is subject to acceptance by HCSC and by Dearborn National as to coverage it underwrites. We certify that all the information and all attestations provided to HCSC and Dearborn National is correct and complete. Upon acceptance of this BPA, Dearborn National shall issue this BPA to the Employer. Upon acceptance of this BPA, HCSC shall issue a Policy to the Employer and this BPA and the benefit program and premium notification letter or the applicable rate summary (ies) for the plan number(s) selected shall be incorporated and made a part of the Policy. Upon acceptance of this BPA by HCSC and issuance of the Policy, the Employer shall be referred to as the Policyholder. In the event of any conflict between the proposal document and the Policy, the provisions of the Policy shall prevail.

The undersigned representative acknowledges that any broker/producer is acting on behalf of the Employer for purposes of purchasing the Employer's insurance, and that if HCSC accepts this BPA and issues a Policy to the Employer, HCSC may pay the Employer's broker/producer a commission and/or other compensation in connection with the issuance of such Policy. The undersigned representative further acknowledges that if the Employer desires additional information regarding any commissions or other compensation paid to the broker/producer by HCSC in connection with the issuance of a Policy, the Employer should contact its broker/producer.

The undersigned representative acknowledges that the Employee Retirement Income Security Act of 1974, as amended, ("ERISA") establishes certain requirements for employee welfare benefit plans. As defined in Section 3 of ERISA, the term "employee welfare benefit plan" includes any plan, fund or program which is established or maintained by an employer or by an employee organization, or by both, to the extent that such plan, fund or program was established or is maintained for the purpose of providing for its participants or their beneficiaries, through the purchase of insurance or otherwise, medical, surgical or hospital benefits, or benefits in the event of sickness, accident or disability. The undersigned representative further acknowledges that: (i) an employee welfare benefit plan must be established and maintained through a separate plan document which may include the terms hereof or incorporate the terms hereof by reference, and that (ii) an employee welfare benefit plan document may provide for the allocation or delegation of responsibilities there under. However, notwithstanding anything contained in the employee welfare benefit plan document of the Employer, the Employer agrees that no allocation or delegation of any fiduciary or non-fiduciary responsibilities under the employee welfare benefit plan of the Employer is effective with respect to or accepted by HCSC and Dearborn National except to the extent specifically provided and accepted in this BPA or the Policy or otherwise accepted in writing by HCSC and Dearborn National.

With respect to coverage applied for under Dearborn National:

We agree to comply with and participate in all provisions of the Small Group Employer Benefits Program, the Group Policy providing the coverage applied for and the Trust to which the policy is issued. We understand that Dearborn National intends to rely on this information in determining whether the enrolling employees may become insured.

ADDITIONAL PROVISIONS:

- A. Grandfathered Health Plans: Policyholder shall provide HCSC with written notice prior to renewal (and during the plan year, at least sixty (60) days advance written notice) of any changes in its Contribution Rate Based on Cost of Coverage or Contribution Rate Based on a Formula towards the cost of any tier of coverage for any class of Similarly Situated Individuals as such terms are described in applicable regulations. Any such changes (or failure to provide timely notice thereof) can result in retroactive and/or prospective changes by HCSC to the terms and conditions of coverage. In no event shall HCSC be responsible for any legal, tax or other ramifications related to any benefit package of any group health insurance coverage (each hereafter a "plan") qualifying as a "grandfathered health plan" under the Affordable Care Act and applicable regulations or any representation regarding any plan's past, present and future grandfathered status. The grandfathered health plan form ("Form"), if any, shall be incorporated by reference and part of the BPA and Group Policy, and Policyholder represents and warrants that such Form is true, complete and accurate. If Policyholder fails to timely provide HCSC with any requested grandfathered health plan information, HCSC may make retroactive and/or prospective changes to the terms and conditions of coverage, including changes for compliance with state or federal laws or regulations or interpretations thereof.
- B. Retiree Only Plans and/or Excepted Benefits: If the BPA includes any retiree only plans and/or excepted benefits, then Policyholder represents and warrants that one or more such plans is not subject to some or all of the provisions of Part A (Individual and Group Market Reforms) of Title XXVII of the Public Health Service Act (and/or related provisions in the Internal Revenue Code and Employee Retirement Income Security Act) (an "exempt plan status"). Any determination that a plan does not have exempt plan status can result in retroactive and/or prospective changes by HCSC to the terms and conditions of coverage. In no event shall HCSC be responsible for any legal, tax or other ramifications related to any plan's exempt plan status or any representation regarding any plan's past, present and future exempt plan status.
- C. Religious Employer Exemption and Eligible Organization Accommodation: Although federal regulations describe a limited exemption for certain group health plans from the Affordable Care Act requirement to cover contraceptive services under guidelines supported by the Health Resources and Services Administration (HRSA), your insurance Policy must comply with applicable state requirements regarding contraceptive coverage. Accordingly, your Policy

IL-SG-HP-BPA (Rev. 04/18) - 6 -

currently includes coverage for contraceptives consistent with the state and federal coverage requirements and applicable exemptions. Some contraceptives may be covered without cost to the Covered Employee.

D. Policyholder shall indemnify and hold harmless HCSC and its directors, officers and employees against any and all loss, liability, damages, fines, penalties, taxes, expenses (including attorneys' fees and costs) or other costs or obligations resulting from or arising out of any claims, lawsuits, demands, governmental inquiries or actions, settlements or judgments brought or asserted against HCSC in connection with (a) any plan's grandfathered health plan status, (b) any plan's exempt plan status, (c) any directions, actions and interpretations of the Policyholder, (d) any provision of inaccurate information, (e) the SBC, and/or (f) any plan's design (including but not limited to any directions, actions and interpretations of the Policyholder. Changes in state or federal law or regulations or interpretations thereof may change the terms and conditions of coverage.

The provisions of paragraphs A-D (directly above) shall be in addition to (and do not take the place of) the other terms and conditions of coverage and/or administrative services between the parties.

ACA FEE NOTICE: ACA established a number of taxes and fees that will affect our customers and their benefit plans. One of those fees is: the Annual Fee on Health Insurers or "Health Insurer Fee."

Section 9010(a) of ACA requires that "covered entities" providing health insurance ("health insurers") pay an annual fee to the federal government, commonly referred to as the Health Insurer Fee. The amount of this fee for a given calendar year will be determined by the federal government and currently involves a formula based in part on a health insurer's net premiums written with respect to health insurance on certain health risk during the preceding calendar year. This fee will go to help fund premium tax credits and cost-sharing subsidies offered to certain individuals who purchase coverage on health insurance exchanges.

In addition, ACA Section 1341 and/or other applicable laws may provide for the establishment of a temporary reinsurance program(s) that may be funded by reinsurance contributions or other amounts (collectively, the "Reinsurance Fees or Amounts") collected from health insurance issuers and/or self-funded group health plans. Federal and/or state governments may provide information as to how these Reinsurance Fees or Amounts are calculated. Federal regulations establish a flat, per member, per month fee. The temporary reinsurance programs funded by these Reinsurance Fees or Amounts will help stabilize premiums in the individual market.

Your premium, which already accounts for current applicable federal and state taxes, includes the effects of the Health Insurer Fees and Reinsurance Fees or Amounts, if any. These rates may be adjusted on an annual basis for any incremental changes in Health Insurer Fees and Reinsurance Fees or Amounts, if any.

Notwithstanding anything in the Policy or Renewal(s) to the contrary, HCSC reserves the right to revise our charge for the cost of coverage (premium or other amounts) at any time if any local, state or federal legislation, regulation, rule or guidance (or amendment or clarification thereto) is enacted or becomes effective/implemented, which would require HCSC to pay, submit or forward, on its own behalf or on the Policyholder's behalf, any additional tax, surcharge, fee, or other amount (all of which may be estimated, allocated or pro-rated amounts).

Renewals Only: If this BPA is blank, it is intentional and this BPA is an addendum to the existing BPA. In such case, all terms of the existing BPA as amended from time to time shall remain in force and effect. However, beginning with the Policyholder's first renewal date on or after September 23, 2010, the provisions of paragraphs A-D (above) shall be part of (and be in addition to) the terms of the existing BPA as amended from time to time.

Any reference in this BPA to eligible dependents may include Domestic Partners or Civil Union partners, but will include dependent covered children under the Limiting Age of twenty-six (26), or election made above.

Any reference in this BPA to the Limiting Age for covered children means twenty-six (26) years, or election made above, regardless of presence or absence of a child's financial dependency, residency, student status, employment, marital status or any combination of those factors. If the covered child is eligible military personnel, the Limiting Age is thirty (30) years as described in the certificate booklet.

Any reference in this BPA to the "Employee plus one dependent" rate structure means "Employee plus one spouse (includes Civil Union partner and/or, if elected, Domestic Partner) or one child."

Any reference in this BPA to the "Employee plus Child(ren)" rate structure means "Employee plus one or more children."

The following one (1) paragraph applies to Non-Grandfathered Groups:

HCSC reserves the right to restrict new business enrollment in health insurance coverage to open or special enrollment periods unless the twenty five percent (25%) minimum employer contribution is met and at least seventy percent (70%) of eligible employees (less valid waivers) have enrolled for coverage.

MEDICARE SECONDARY PAYER (MSP) EMPLOYER ACKNOWLEDGEMENT

Under federal law, it is the employer's responsibility to inform its insurer or third-party administrator of proper employee counts for the purpose of determining payment priority between Medicare and another insurer. Employer size, not group health plan size, is used in determining whether the group health plan or Medicare is the primary payer. In the absence of employer-provided employee counts, CMS requires that the employer's group health plan coverage be considered primary to Medicare. Fax or email completed form to 312-233-4244; data_collection@bcbsil.com. A response is required for every question. FOR MLR AND MARKET SEGMENT PURPOSES ONLY

The Affordable Care Act (ACA) established Medical Loss Ratio (MLR) standards for health insurers, which requires that Blue Cross and Blue Shield of Illinois report annually whether coverage is in the individual, small group or large group market of a state. Therefore, your assistance is needed to classify your coverage for each MLR reporting year. Generally, the MLR is the percentage of earned premiums that the insurer spends on health care services and quality improvement activities. If the insurer's MLR is less than ACA's MLR standard for a group market of a state, the insurer may provide ACA-MLR rebates in that market.

This section and the information you provide will assist us in completing our ACA-MLR report and distributing any ACA-MLR rebates that may be provided for an ACA-MLR reporting year. Please complete the information requested below. This section and the information you provide will also assist us in determining your market segment, products and rates.

1. Employer Size. (Required for new groups only)

For the purpose of determining employer size:

- An "employee" is defined as any individual employed by an employer. An employee includes full-time, part-time and seasonal employees.
- Persons treated as a single employer under Internal Revenue Code Section 414(b), (c), (m) or (o) should be treated as a single employer.
- If your company is wholly owned by an individual (or an individual and his/her spouse), do not include the individual and his/her spouse in your response below.
- Partners in a partnership should not be counted as employees

• Partners in a partnership should not be counted as employees.	
Check the box that applies to your company (employer):	
My company (employer) existed during the preceding calendar year. What is the average number of employees that your compart (employer) employed on business days during the calendar year (January 1 – December 31) preceding the effective date of coverage For example, if your effective date is July 1, 2016 then you would base your answer on calendar year 2015.

2. Church Plan.	
In order to provide an ACA-MLR rebate to a policyholder the MLR regulations require that an insurer obtain a written assurance from policyholder that any rebate will be used for the benefit of enrollees as described in MLR regulations (45 C.F.R. 158.242). If the writte assurance is not provided, the MLR regulations require that an insurer distribute any rebate directly to certain subscribers of the plan (rather than to the policyholder).	n
Does the policyholder listed sponsor a church plan* in connection with the policyholder's BCBSIL coverage?	
No, the group health plan is NOT a church plan.	
Yes, the group health plan is a church plan. If yes, check one of the following:	
The policyholder WILL use any rebate for the benefit of enrollees as described above.	
The policyholder WILL NOT use any rebate for the benefit of enrollees as described above. I understand that, if this box is checked, BCBSIL may distribute any rebate directly to certain subscribers of the plan.	i

INSTRUCTIONS - COMPLETING THE ANNUAL MSP EMPLOYER ACKNOWLEDGEMENT

IMPORTANT NOTE

Under federal law, it is the employer's responsibility to annually inform its insurer or third-party administrator, such as Blue Cross and Blue Shield of Illinois (BCBSIL), of proper employee counts for the purpose of determining payment priority between Medicare and another insurer. In the absence of employer-provided employee counts, CMS requires that the employer's group health plan coverage be considered **primary to Medicare**.

Background

When an individual is covered by both Medicare and an employer's group health plan (GHP), Medicare secondary payer (MSP) rules specify that the employer's total size, not group health plan enrollment size, is a factor in determining whether Medicare benefits are primary or secondary. Employer size is a factor in MSP order of payment determinations when the covered individual is Medicare-entitled due to either age ("working aged") or disability.

Employer information — Who is the Employer?

For MSP purposes, the employer is the legal entity that employs the employees. For example, the employer may be an individual, a partnership, or a corporation. In some situations, it may not be clear which corporation or individual is the employer for MSP purposes. In these cases, employers must use Internal Revenue Service aggregation rules provided in the Internal Revenue Code [IRC 26 U.S.C. Sections 52(a), 52(b), 414(n) (2)]. In general, these rules specify that single employers include:

- all employees of all corporations that are members of the same controlled group of corporations, and
- all employees of trades or business (whether incorporated or not), e.g., employees of partnerships, LLCs, proprietorships that are under common control.

The Centers for Medicare & Medicaid Service's (CMS) MSP Manual provides additional guidance about aggregation for affiliated service groups and religious orders, as well as authoritative information about employer size and other MSP topics. The MSP Manual is available online at http://www.cms.hhs.gov/Manuals/IOM/list.asp.

Question 1 — Did you file a separate Federal Tax Return?

If you filed a federal tax return that did not include information about any other individual or entity, check "Yes." If you filed a federal tax return consolidated with another individual or entity, check "No." If you are not required to file a federal tax return, check "N/A."

Question 2 — Employer Size from Your Federal Tax Return Information

How many employees did all the entities listed on the tax return have on the payroll (whether full-time, part-time, seasonal or partners) during the prior calendar year? It is important that you enter the total number of employees for all entities (including parent, subsidiaries and affiliated entities) listed on the tax return, since this may determine whether or not Medicare will be the primary payer of claims. Subsidiaries of foreign companies must count the number of employees of the organization worldwide.

Question 3 — Are you part of a multi-employer group health plan?

Authoritative guidance for determining multiple employer group health plan participation can be found in the Code of Federal Regulations at 29 CFR § 2510.3-37.

Questions 4 and 5 — Working Aged Rule & Employer Size

Under the MSP "working aged" rule, Medicare is secondary to the employer's GHP coverage if the employer's size equals 20 or more employees for each working day in each of 20 or more calendar weeks in the current or preceding calendar year. (Question 4 refers to this standard as "the threshold.") Note: The year of your upcoming renewal is the 'current' year. If there have not yet been 20 weeks in the current calendar year, base your answer on current employee count. Understand that you are obligated to notify BCBSIL if and when your status changes. This also applies to multi-employer and multiple employer group health plans in which at least one employer employs 20 or more employees.

- Counting individuals for the "20-or-more" employer size
 - Employees counted in the 20-or-more employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees and partners who work or who are expected to report for work on a particular day.
 - Those not counted in the 20-or-more employer size include retirees, COBRA qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the employer's group health plan.

• Employer size increases to 20 or more during the year

If the employer's size was below 20 during the preceding year, the employer's GHP coverage becomes primary as soon as the employer has had 20 or more employees on each working day of 20 calendar weeks of the current year. The 20 calendar weeks do not have be consecutive. Then, the employer's GHP coverage is primary for the remainder of the year and during the following year.

For example, the employer's size meets the 20-or-more employee threshold as of October 1, 2013. The employer's GHP coverage becomes primary for services provided from October 1, 2013 through December 31, 2014.

Please note: If you check "No" for the current year in EAF **Question 4** and your answer changes to "Yes" at any time, you must promptly notify BCBSIL by completing a new EAF and indicating the date the change occurred in the space provided in **Question 4**.

• Employer size fails to meet the threshold of '20 or more employees during 20 or more weeks' during the year

If the employer's size met the threshold of 20 or more employees for each working day in each of 20 or more calendar weeks for the preceding year, but during the current calendar year the employer size never meets that threshold, the employer's group health plan remains primary until the end of the current year.

For example, during 2013 the employer's size met the threshold of 20 or more employees for each working day in each of 20 or more calendar weeks. However, during 2014 the employer's size never meets this threshold. The employer's group health plan coverage remains primary through December 31, 2014.

Individuals affected by the working aged rule

The "working aged rule" applies to individuals who are Medicare-entitled due to age (age-65 or older) and

- Are covered under their employer's GHP and have "current employment status" and the employer meets the "20-or-more" employer size requirements (above), or
- Are covered under their spouse's (of any age) employer's GHP and the spouse has current employment status and the employer meets the "20-or-more" employer size requirements (above).

Questions 6 and 7 — Disability Rule & Employer Size

Under the MSP "disability" rule, Medicare benefits are secondary to an employer's large group health plan (LGHP) benefits when the employer size equals 100 or more full-time and/or part-time employees on 50 percent or more of the employer's business days during the previous calendar year. The business days do not have to be consecutive.

For multi-employer plans, Medicare is the secondary payer for all individuals enrolled in the plan as long as at least one of the employers employs 100 or more employees. The 100-employee threshold is not based on the aggregate number of employees of all employers. If you are a multi-employer, please keep this in mind when completing **Questions 6 and 7**.

- Counting individuals for the "100-or-more" employer size
 - Employees counted in the 100-or-more employer size include the total number of nationwide full-time employees, part-time employees, seasonal employees and partners who work or are expected to report for work on a particular day.
 - Those not counted in the 100-or-more employer size include retirees, COBRA qualified beneficiaries and individuals on other continuation options, and self-employed individuals who participate in the employer's group health plan.
- Employer size increases to 100 or more during the year

If the employer's size meets the 100-or-more employee threshold at any time during the current year, the employer's group health plan coverage will be primary to Medicare during the following year.

For example, an employer met the 100-or-more employee threshold on May 1, 2013. The employer's GHP coverage will be primary for services provided from January 1, 2014, through December 31, 2014.

Please note: If you answer "No" to **Question 6**, you must promptly notify BCBSIL by completing a new EAF if your answer changes to "Yes" at the beginning of the next calendar year.

Employer size doesn't meet the threshold of '100 or more employees during 50 percent of business days' during the year

If the employer's size does not meet the 100-or-more employee threshold during the year, the employer's GHP coverage is secondary to Medicare during the following year.

For example, during 2013 the employer's size never meets the threshold of 100 or more full-time and/or part-time employees on 50 percent or more of the employer's business days. The employer's group health plan coverage will be secondary to Medicare for services provided from January 1, 2014, through December 31, 2014.

• Individuals affected by the disability rule.

The "disability rule" applies to individuals who are Medicare-entitled due a Social Security Administration determination of disability and

- Are covered under their employer's GHP and have "current employment status" and the employer meets the "100-or-more" employer size requirements (above), or
- Are covered under their spouse's (of any age) employer's GHP and the spouse has current employment status and the employer meets the "100-or-more" employer size requirements (above).
