Underwriting Information

Underwriting is Simplified Issue. The underwriting decision is based only on the application information. The underwriter may require additional information in certain instances. For example, if an applicant has a history of Basal Cell Carcinoma, it may not make them ineligible, but the underwriter would need to evaluate the history and assess the risk.

Primary Insured

The oldest insured is always the primary insured (for both Individual and Worksite sales) for CancerCare Plus.

Owner's Certification, question #22 on page 2

Please answer this question and get the owner's signature in this section, regardless of who is listed as the primary insured on the application. If this question is left blank, the application may be returned to you.
