- (1)** The amount received is sufficient to pay the first premium at the mode applied for.
- (2)** The proposed insured is, as of the application date, eligible for the exact policy applied for, according to our underwriting standards in effect, without modification of the plan, premium rate, benefits, class and amount of coverage applied for.

Telephone Interview

Your client may be contacted for a confidential telephone interview to complete the application process. This call should last approximately 20 minutes. It is important to note that the telephone dialogue between your client and the phone representative will be recorded and relied upon as part of our risk analysis. As a result, it's important that your client be prepared to answer questions as accurately as possible.

Non-Smoker/Non-Nicotine Qualifications

In order to qualify for non-nicotine rates, the proposed insured must not have used tobacco or nicotine products in any form (gum, patches, cigar, etc.) within one year prior to the application.

Apptical™ Interviews

APPTICAL IS AVAILABLE TO CONDUCT INTERVIEWS DURING THE FOLLOWING HOURS:

Monday – Friday: 8:30 a.m. – 2:00 a.m. (ET)

Saturday – Sunday: 10:00 a.m. – 10:00 p.m. (ET)

Phone: 855-464-9577

The following four steps explain how to complete the point-of-sale application process.

Step 1: Call Apptical

Once the paper application has been completed, call Apptical at 855-464-9577 to begin the POS interview process. At the start of the call, you will be asked to provide:

- › Your first and last name
- › Your United of Omaha producer number
- › The product being applied for (level or graded)
- › Your phone number (in case the call is disconnected)
- › State and application form number being used
- › Client identification verification (requested in order to collect the MIB and Rx history) including:
 - Gender • Name • Social Security number • Address • Phone number
 - Date of birth • Birth state and country

The Apptical representative will then give you a personal health interview (PHI) number to record on the Producer Report form, located in the application packet.

***Please note:** It is very important that you write the PHI number provided on the application. Not doing so risks incorrect processing.

Step 2: Personal Health Interview (PHI)

At this point, the client is asked to get on the phone.

The Apptical interviewer will then ask the client to:

- › Verify his/her identification information
- › Provide U.S. residence status
- › Provide height and weight
- › Confirm that the application was signed and the point-of-sale disclosures were provided
- › Authorize a prescription history check
- › Answer all the health questions listed on the Living Promise application

While the client is answering the health questions, Apptical will run the following checks:

- › MIB record
- › Prescription history

Depending on the results of the MIB and Prescription history check, the interviewer may need to ask additional questions to clarify the clients' health status.

Step 3: Eligibility Results

You (The Producer) will be asked to get back on the phone to receive the eligibility results of the case.

There are four potential results:

1. The client is medically eligible as applied subject to United of Omaha's review of existing coverage.
 - › Inform the client and submit the signed application
2. There is a discrepancy between the coverage applied for and the results of the prescription history check:
 - a. The client is medically eligible to apply for the graded benefit based on results of the prescription history check. Update the application to reflect correct coverage applied for and have client initial the change. Submit the signed application.
 - b. The client is not eligible to apply for either coverage type due to prescription drugs related to Part 1 of the application. Write "Withdrawn" on the Producer Report located within the application packet and submit the signed application.

3. There is a discrepancy between the coverage applied for and the results of the MIB check:

The Apptical rep will request that you ask the corresponding question again.

a. If the client changes his/her answer, update the application and have the client initial the change. You will then be provided a medical eligibility result. Inform the client and submit the signed application.

b. If the client does not change his/her answer, inform the client that the application requires underwriting review due to information received from the MIB check. Submit the signed application for underwriting review.

4. The client is not eligible to apply for coverage based on answers to health questions on the application:

➤ The Apptical rep will provide the medical eligibility result. If the client is not eligible for either coverage type, inform your client, write “Withdrawn” on the Producer Report located within the application packet, and submit the signed application

The medical eligibility results are generated based on United of Omaha’s underwriting rules. The Apptical rep will not be able to change the result based on any additional comments/information you provide. The rep will record the additional information you provide and will send that information along to United of Omaha.

Step 4: Final Results

Once the application is received, if the client has any existing coverage with the Mutual of Omaha companies or has applied for coverage in the past, United of Omaha will review that information prior to providing the final underwriting decision. Any information available could result in a change to the eligibility decision provided by Apptical.

IMPORTANT NOTES:

- All applications must be signed and submitted within 14 days, regardless of the eligibility results. United of Omaha requires a record of the client’s authorization to check MIB and prescription history records
- Please submit the completed application and all required forms to United of Omaha for quick processing. Any missing forms or information will result in an additional follow up to the producer and will delay the underwriting process
