

## **HUMANA**

### **for long, short-term disability plans for small businesses expand**

We've added benefit options for long-term and short-term disability quoting for businesses with 20-99 eligible employees:\*

New LTD benefit options:

- 66-2/3 percent benefit option
- Elimination period options format changed to 90 and 180 days, from three and six months
- Definition of disability box added so users can select a two- or three-year option

New STD benefit options:

- 66-2/3 percent benefit option
- 30/30 elimination period
- Weekly benefit maximums range from \$100 to \$1,000 - options based on the top five salaries in the group
- Weekly flat amounts range from \$100 to \$600 - options based on the lowest employee salary
- Two-year rate guarantee - increased from one year

### **Humana.com home page redesigned for easier access**

Because the Web is a gateway to a wealth of information Humana provides to all its audiences - members, providers, agents, employers, and now pharmacists - we've redesigned the Humana.com home page.

Usability testing guided the improvements. The new home page launches on January 29 and includes:

Tabs for each audience with quick links to their information - with colors that match each section

A tab for Pharmacists - a new section of the Website

Three clickable rotating information boxes that provide timely messages about Humana news, products, and programs

Improved log in and register opportunities for all audiences to sign up for their secure self-service center.

A "Recent News" feature

The site continues to include popular features like "Search," "Humana Resources," and links to other Humana Websites.
