BlueCare VisionSM for Individuals and Families

Complete your health care coverage with an affordable vision plan from Blue Cross and Blue Shield of Illinois.

Vision care can be a key part of your total health. Regular eye exams may not only help keep your vision clear but may help identify common vision concerns like glaucoma and cataracts. Your eye doctor may also be able to spot early signs of serious health issues such as diabetes, high blood pressure or cancer. An eye exam may help with more than checking your prescription.

That is why Blue Cross and Blue Shield of Illinois (BCBSIL) provides BlueCare Vision plans. Our vision plans offer savings on exams along with discounts on glasses and contact lenses. BCBSIL offers three plans designed to cover you and your family, so you can choose the one that helps fit your needs and budget. See the other side to learn more about our three plans.

How do I locate an eye doctor?
