Short-term Care Insurance¹

Prepare today to make a better tomorrow

When one health care situation leads to in-home or nursing facility assistance, it can quickly deplete your savings. Short-term Care insurance not only helps you maintain an active lifestyle and stay in your home, but it also makes sure your retirement is well protected. You can do more, worry less, and make every day better.

EXTENDED CARE COSTS ADD UP

Wellabe's Short-term Care insurance plan helps you protect your finances from an unexpected situation in the future if you need extended care.

- Someone turning age 65 today has almost a **70% chance of needing some type of long-term care** services and support in their remaining years.²
- On average, 42% of people need less than 1 year of at-home paid care and 37% of people need less than 1 year of any skilled care in facilities.²
- An average American turning 65 years old today will likely incur \$120,900 in future extended care costs, measured in today's dollars.³
- Families will pay more than one-third (37%) of those costs out of pocket, with the rest covered by public programs and private insurance.³
- The estimated national average costs in 2023 are:⁴
 - \$7,698 per month for a private room in a nursing home
 - \$3,628 per month for care in an assisted living facility (one-bedroom unit)
 - \$44 per hour for a RN, \$31 per hour for a LPN, \$20.50 per hour for a health aide
 - \$20 per hour for homemaking services

Short-term Care insurance fills gaps

Medicare Parts A and B cover some home health services and inpatient skilled nursing facility care costs, but they don't cover extended care.⁵ Part A copays and the Part B deductible usually apply, which could mean steep out-of-pocket costs. Short-term Care insurance can help cover these gaps.

Short-term Care insurance can also help if you're unable to qualify for or afford Long-term Care insurance. Short-term Care insurance has fewer restrictions for qualification and types of care it covers. It's commonly less expensive than Long-term Care insurance, and it provides benefit payments sooner. Considering many individuals with Long-term Care insurance only need care for less than one year,² Short-term Care insurance just makes sense.

HOW IT WORKS

Short-term Care insurance offers coverage for extended care in your home or in a facility. It covers both medical and non-medical help. You select a daily benefit amount up to \$300 per day for up to 360 days of home health care.⁶ Your plan pays you a full cash benefit for each day you receive care. If you fully recover from the condition requiring care and do not receive care for 180 consecutive days, your benefits will restore one time.⁷

If you're between the ages of 40 and 89, you can apply for Short-term Care insurance. Your health can positively affect your premium and coverage — the better your health, the better the coverage.

ASSISTANCE WHEN YOU NEED IT

Wellabe's Short-term Care insurance plan also offers benefits that make sure you're well prepared and well protected when you do need care.

- **THE HOUSEHOLD IMPROVEMENT BENEFIT** provides you \$500 for home modifications that help you remain at home, such as installing ramps, widening doorways or hallways, modifying a bathroom, and more.
- **THE CARE COORDINATION BENEFIT** provides you \$500 to help set up a care plan when the need arises.

OPTIONAL ADD-ONS⁸

You can choose up to four optional benefits for an additional cost:

- **THE NURSING FACILITY CARE RIDER** allows you to elect a daily benefit up to \$500 per day for up to 360 additional days of care in a facility.⁶ The rider also includes a 21-day bed reservation benefit that pays the daily amount to hold a care facility room during a hospital stay. You can also choose the **Nursing Facility Care Rider with Inflation Protection.**⁹
- **THE INFLATION PROTECTION RIDER** allows you to add inflation protection to the base Home Health Care Benefit. The Inflation Protection Benefit increases the daily benefit amount by 5% of the original daily benefit on each policy anniversary.
- **THE ADULT DAY CARE RIDER** pays \$50 per visit for up to 20 visits to an adult day care setting.⁶
- **THE RETURN OF PREMIUM RIDER** allows a portion of the premium to be returned if the policy is terminated.¹⁰

Valuable discounts

Couples who apply together, save together. Spouses or any two people in the same household who are over 40 years old are eligible for a 7% discount. You can double your discount to 14% if both apply and are issued a Wellabe Short-term Care insurance policy. And if you also apply for or already have a Medicare Supplement policy with any Wellabe company, you're eligible for the 5% multiple Wellabe policy discount.¹¹

Customer resources

When you become a Wellabe policyholder, you'll have access to resources that make it easy to make the most of your plan, including our mobile app, customer portal, and Customer Success team via email or phone.
